

9 Draw the "Tour du Roy". Maybe, the knight Guillemain came to the tower in the past!

Take the stairs next to the tower.

Because of them, the street is called "escalette", the word "escalier" means stairs in French.

At the top, near the convent ruins, turn right and take "rue des anciennes écoles".

10 Continue to the end of the street and reach "Logis de Malet". Count the "bull's eyes" windows on the façade (circles on top of the wall). How many are there? The result corresponds to a letter of the alphabet. Use this chart to help you!

Many years ago, the children of the village spent a lot of time in this building: it was the primary school and the nursery school!

Now that you answered all the questions, collect the clues and copy them below:

Well done, you found the place where the knight Guillemain rests!

In the Middle Ages, this place was very important, which is why it was placed in the centre of the monastery. In this square corridor, a place of silence, the monks prayed. There are also tombs here: knights could be buried here...

Inside that monument, you will discover the headless and legless statue of **Guillemain**, knight of Saint-Émilion. Have you found him?

Can you find this hidden dragon guarding Guillemain's statue?

You did? Congratulations! You have found all the missing clues, Robin is very proud of you!

The Mystery of the Knight

Hello !

Robin loves the tales from the Middle Ages!

He read one about a Lady named Alix who was in love with **Guillemain**, a brave knight of the Duke of Aquitaine. The two lovers had met at a tournament, but **Guillemain** had to go to war. He never returned... Robin knows that a **stone** representing Guillemain was sculpted to decorate his grave. The young detective wants to find it and he needs your help!

Saint-Émilion Tourisme

In order to help Robin, you have to answer a few **riddles** and collect all the clues. All the **clues** will help you find the **final keyword** to the resting place and statue of the knight Guillemain... Are you ready? Let's go then!

Take a pen and a map to find your way in the city.

1 From "place du Clocher", have a look at the village. In the Middle Ages, Saint-Émilion was a vibrant trading town surrounded by city walls and vineyards. Nowadays, this heritage is protected! This is why we need to take good care of it. This symbol, represented on the bell tower, certifies this protection.

One letter is missing! Find the symbol of protection on the bell tower and write the missing letter below:

Answer:

2 Then, look behind you and observe the windows on the façade of the **Tourist Office**. The character represented on it is probably the patron of the village. Try to find his name, it's easy:

Answer : E _ _ I _ _ _ O N

3 On the right side of the **Tourist Office**, you will find a gate with a symbol and three letters carved in the stone above.

What is the first letter?

Answer:

H S

4 Looking at the gate, take "rue des Girondins" on your right. At the end of it, turn right twice and go through "rue de la Cadène". Look on your left to discover the only half-timbered house of the village.

Look carefully at the animals carved on the wooden frieze and circle the intruder.

These monstrous beasts were represented on the facades to protect the houses, by repelling evil, a little like the gargoyles on the churches!

5 Now, walk down the street and reach the main square: "place de l'église monolithe". In the Middle Ages, it was the market square. On your right, observe the covered market called "halle" in French.

What is the date written on top of its façade?

1665 1765 1865

Which letter of the alphabet matches with the last number? (If you need help, use the chart below)

1	2	3	4	5
A	B	C	D	E

6 Then, continue in "rue du Thau". You will reach "rue des ..."

J _ _ _

These people are the ambassadors of Saint-Émilion wines. Twice a year, they go to the top of a square tower called the "Tour du Roy". Now, go to "rue de la Petite Fontaine" to solve the next riddle.

7 "La Petite Fontaine" was a pond in which people came to:

R

Wash clothes and linen

O

Play leap-frog

Y

Bounce stones

8 When you reach the second fountain in "rue de la grande fontaine", and guess the answer of the following enigma (which has been divided into syllables) to discover the French name of the square you have to go to.

1- I am synonymous of a "taxi"

2- I am the female of the sheep

Place du C _ _ _ I _
